### LA DIGUE - €290 Return Transfer for 2

Stunning photo opportunities, serenity, tropical scenery, nostalgic idyll: this is La Digue, the third largest inhabited island of the Seychelles in terms of population, and for many the most special. Let our concierge team assist you with the arrangements, and choose one of the unique means of transportation while on La Digue, from the more traditional ox cart or bicycle to the more modern island buggies & taxis for hire.

If you wish to enjoy a picturesque hike, get there early morning, and venture to Anse Marron trail with the help of a guide, follow the path that leads you to the "secret" beach of Fond Blanc. Then head back to discover the most popular spot on La Digue, and go to Source D'Argent by crossing L'Union Estate. On the way be sure to visit the vanilla and coconut plantations, and do not miss the traditional making of coconut oil with the help of cows. Our two favourites for lunch are the typical creole restaurants Lamboushier, and Chez Jules.

After that, you can walk a 45-minute trail leading you to the front beach of Anse St.Jose. The skipper will meet you there and will bring you back to Praslin.

Should you want to spend some more time on the beach of Curieuse, you can prearrange a customized picnic with our chefs to enjoy on the island.
